HERE IS YOUR REMEDY
HOLLOWAY'S OINTMENT
A MOST MIRACULOUS CURE OF BAD LEGS, AFTER 8 YEARS' SUFFERING.

Extract of a Letter from Mr. William Gilpin, of 75, St. Mary's Street, Weymouth, dated May 15th, 1852.

To Professor Holloway.

SIR,—At the age of 40 my wife (who is now 41) caught a violent cold, which settled in her legs, and ever since that time they have been more or less sore, and greatly inflamed. Her ankles were distressing, and for months together she was debarred entirely of rest and sleep. Every remedy that medical men advised was tried; but without effect; her health suffered severely, and the state of her legs was terrible. I had often read your advertisements, and advised her to try your Pills and Ointment; and, as a last resource, after every other remedy had proved useless, she commenced so doing. She commenced six weeks ago, and strange to relate, is now in good health. Her legs are painless, without mark or scar, and her flesh sound and undisturbed. Could you have witnessed the sufferings of my wife during the last 8 years, and contrast them with her present enjoyment of health, no words could be penned sufficiently having been the means of so greatly alleviating the sufferings of a fellow creature.

(Signed) WILLIAM GILPIN.

A PERSON 70 YEARS OF AGE CURED OF A BAD LEG, OF THIRTY YEARS' STANDING.

Copy of a Letter from Mr. Wm. Abbs, Bulldom of Gas Greens, of Rastcliffe, near Huddersfield, dated May 3, 1851.

To Professor Holloway.

SIR,—I suffered for a period of thirty years from a bad leg, the result of three different accidents as Gas Works, accompanied by scorbutic symptoms. I had recourse to a variety of medical advice, without deriving any benefit, and was even told that the leg must be amputated; yet, in opposition to that opinion, your Pills and Ointment have effected a complete cure. In so short a time that few who budied witnessed it would credit the fact. (Signed) WILLIAM ABBS.

The truth of this statement can be verified by Mr W. P. England, Chemist, 13, Market-street, Huddersfield.

A DREADFUL BAD BREAST CURED IN ONE MONTH.

Extract of a letter from Mr. Frederick Turner, of Tenterden, Kent, dated December 15th, 1850.

To Professor Holloway.

DEAR SIR,—My wife had suffered from bad Breasts for more than six months, and during the whole period had the best medical attendance, but all to no use. Having before found an awful wound in my own leg by your unrivalled medicine, I determined again to use your Pills and Ointment, and therefore gave them a trial; in her case, and fortunate it was I did so, for in less than a month a perfect cure was effected, and the benefit that various other branches of my family have derived from their use is really astonishing. I now strongly recommend them to all my friends.

(Signed) FREDERICK TURNER.

The Pills should be used constantly with the Ointment in most of the following cases:

Bad Legs	Corns (Soft)	Scalds
Bad Breasts	Cancers	Sore Nipples
Burns	Contracted and Stiff Joints	Sore Throats
Bunions	Elephantiasis	Skin Diseases
Bite of Moschetoes and Sand Flies	Fistulas	Scurvy
Coco-bay	Gout	Sore-head
Chigoe-foot	Glandular Swellings	Tumours
Chilblains	Lumbago	Ulcers
Chapped hands	Piles	Wounds
	Rheumatism	Yaws

Sold by the Proprietor, 244, Strand (near Temple Bar) London, and by all respectable Venders of Patent Medicines throughout the British Empire and by those of the United States in Pots and Boxes, at 37½ cts—87 cts and $1 each.

BOSTON.

ALL the various approved trusses constantly for sale. Ladies waited on by Mrs. CAROLINE D. FOSTER, who has had twenty years experience in the business.

Strangers in the city will please take notice the odd numbers and the even numbers are on opposite sides of the street, the latter 110 opposite to subscriber's residence 467, where he will keep a full supply of Ready Made Trusses, for Gentlemen and Ladies, Youths and Infants. Abdominal Supports of five or six different kinds, and such as Hull's, Chapin's Spinal, Cutter's, Fitch's, Ingalls, &c., &c.

☞ Ladies waited upon by Mrs. Caroline D. Foster at the above place.

The following certificate from Dr. John C. Warren of Boston, was given 15 years since, but will last forever.

BOSTON, January 7, 1835.

Having had occasion to observe that some persons affected with Hernia, have suffered much from the want of a skilful workman in accommodating Trusses to the peculiarities of their cases, I have taken pains to inform myself of the competency of Mr J. F. Foster, to supply the deficiency occasioned by the death of Mr Heath. After some months of observation of his work, I am well satisfied that Mr. Foster, is well acquainted with the manufacture of these instruments, and ingenious in accommodating them to the variety of cases which occur. I feel called upon to recommend him to my professional brethren, and to the public, as a person well fitted to supply their wants in regard to these important articles.

JOHN C. WARREN, M.D. Boston.

CERTIFICATE. The following certificate is from Professor Stuart, of Andover Theological Seminary.

The undersigned having occasion to employ Mr. J. Frederick Foster, of Boston, in adjusting and fitting Trusses for the relief of Hernia, takes great pleasure in recommending him to the favorable notice of such persons as may be afflicted with that and similar complaints. Mr. Foster's success in the manufacture and adapting them to the body, giving ease and comfort to the wearer, surpass (as far as our experience goes,) any other manufacturer of the article.

The numerous testimonials which he has received, together with the recommendations of that eminent surgeon, Dr. J. C. Warren, is a sufficient guaranty for all who may favor Mr. F. that his instruments will give entire satisfaction, and he will satisfy all reasonable demands for an equitable compensation.

Great American Remedy.

FOR COLDS, COUGHS, ASTHMA, CROUP AND CONSUMPTION.

WHEN invalids, do you almost invariably overlook the very best remedy for your complaint, in search of something with a foreign or mysterious or crackjaw name? Half of them are made by quacks, or persons having not a tithe of the scientific and practical knowledge, either of medicine, or of the human system, of the author of the above medicine. For dry, hard coughs, and for children with severe studied colds, or with croup, it is invaluable; and I challenge a trial of effects with any Indian, Egyptian, Arabian, Shepherd, Esquimaux or any other foreign or domestic preparation which is now offered to the public for sale, in all the cracklin which it is recommended. It has been used by Dear Manly Hardy, its author for many years, with great success. More than twenty thousand have tried it, and all commend it, then why not further? PATENTS.
American and Foreign Office

AGENCY FOR BUSINESS
WITH U. S. PATENT OFFICE,
WASHINGTON.
No. 22 State Street, Boston.

I HAVE been appointed by the Commissioner of Patents, Agent for the U. S. Patent Office, in accordance with the 10th Sec. of Act of July 4, 1836.

Having entered the Agency for the transaction of business, and adopted a uniform system of sending them to the Patent Office, *where they may be prosecuted about as well as if the inventors were present,* I am prepared to receive Caveats, Specifications, Assignments, and all necessary Papers, and Drawings for, Patents, and to render advice in all matters relating to legal and scientific difficulties respecting the same. Patents secured in Europe and other countries.

By application at this office inventors are saved the time and expense of a journey to Washington and the delay there, as well as all personal trouble in obtaining their patents. They also have the advantage of *verbally explaining their inventions,* and of consulting in respect to them, *matters in general, of paramount importance in order to obtain correct descriptions and claims.* The experience of sixteen years practice, and extensive collection of rare works, decisions, & on mechanical subjects, the Patent Laws, and patents of different countries, collected at much expense during the above time this office has been established, together with accounts here kept of inventions patented at Washington, enable the subscriber to afford inventors, desirous of procuring Patents, assistance and information which in other respects might be difficult of attainment.

R. H. EDDY, Solicitor of Patents.

WASHINGTON, JULY 21, 1849.—During the time I occupied the Office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, did business at the Patent Office as Solicitor for procuring Patents. There were few, if any, persons acting in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success. I regard Mr Eddy as one of the best informed and most skilful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them as early and favorable consideration at the Patent Office. EDMUND BURKE,
Late Commissioner of Patents.

Cattle Show.

The Trustees of the County Agricultural Society have, at the request of many farmers and others, directed that the Cattle Show for the present season shall be held in this city. Other Agricultural Societies find it for their interest to hold their Cattle Shows in the principal town of their county, and it is believed by many here that the objects of the society may be better promoted, as a whole, by holding the Cattle Show in this city than elsewhere. The people here feel an interest in the success of the Society, and in the brilliancy, good order, and usefulness of the Show. The experience of the few years past does not satisfy them that the best effects have resulted, and now the experiment is to be made of a Cattle show in Bangor.

It happens, unfortunately, that there is a feeling among a portion of the people, in some of the towns in the county, that the Cattle Show here shall be a failure in order that it may never again be held in this city, but in the vicinity of these persons. Now we believe that the Trustees have acted wisely, and for the best interests of the Society, and the great objects it has in view in holding the Cattle Show in this city. We believe it will not be a failure by any means, but the best Show ever held in this county. Some of the best growers of Stock will be here, and here will be brought some of the best productions of the field, the dairy, and the household arts. The growers of fruit, throughout the County will be here in large numbers, and they will have an opportunity to show their fruit to the best advantage.

The Trustees have appointed a very large Committee of Arrangements to push the matter forward to a favorable result. Sufficient funds will be contributed to the Treasury of the Society, to enable them to do up the whole matter in good shape, and offer liberal premiums, that shall afford substantial encouragement and excite active and healthful competition.

Manufacturers will take an interest in exhibiting specimens of their productions in the various departments, and the Ladies will exhibit specimens of their handy work. There is to be no failure in the matter at all, and if there be held twenty other Shows in the country in order to break down this Society this Show will surpass them all, and the Society will live and flourish. This is determined upon, and many active men are now engaged in promoting the general interest of the Cattle Show, and have selected a very desirable field on Summer street, on which was held the first Cattle Show ever held in this county. We have secured the co-operation of men of influence, have invited a gentlemen to deliver a public address in the grove on the field, and under the impulse of the action of the committee of arrangements the Cattle Show will go ahead in beautiful style, and will be worthy the attention and support of every person in the county.

We trust that the farmers up the river and east of the Penobscot will see to it that this year their great art is fully represented.

It is understood that during the afternoon of the day of the Show, there will be a business conversation meeting of farmers and members of the Society touching the subject of an agricultural department in Common School studies; also, the subject of the best modes of enriching the land, and of securing the best crops; likewise the subject of stock raising and other matters of interest.

Horticultural Exhibition.

The annual exhibition of the Bangor Horticultural Society held on Thursday and Friday last gave very great satisfaction. The Show of fruit was large and of excellent quality, and brought in by many contributors. It establishes the fact that in this city and vicinity, we have not only the soil and climate well adapted to fruit raising but that our people have the taste and are fast acquiring the skill to produce good fruits.

In the Floral Department from some cause the specimens are much less numerous than in former years, but those presented were of rare beauty, and arranged with surprising taste.

The show of fine vegetables was very rich.—We have never seen its like, either in variety, quality or excellence. The gardeners in our city deserve great credit, and in their improvements in raising vegetables and keeping the market constantly supplied, they increase the demand, and cause many more vegetables to be consumed.

Several strangers visiting the exhibition expressed great surprise at the excellence of the vegetable productions of our city, and some of the articles were purchased for the purpose of sending them to other States, to let them see what the people down east are about.

We venture to say that in no State in New England can handsomer vegetable productions from the garden be shown, than the less exhibition by Mr. Duty, or that by Mr. Seckenger, the first the gardener of Capt. Sandford, and the latter the gardener of Albert Emerson, Esq.

It is unnecessary for us to mention here the names of the several contributors, as those will appear in the reports of the several committees.

☞ Workmen are now engaged in removing a large brick hotel on the corner of Wall and Water streets, in order to make a public square in that vicinity. The hotel has been raised several feet, and is to be removed across the street and turned half round. This work is being performed for Rufus Dwinal, Esq., who purchased the hotel of the city, and proposes to fit up it fine style on its intended location. It is not often that a brick building is removed, and those curious in such matters have now an opportunity to learn how it is done.

☞ The Committee appointed by the Senate, at the instance of Gen. Jones of Rhode Island, one of which that gentleman is chairman, for the purpose of ascertaining frauds on the revenue, have already held sessions in Boston and New York, and next week they meet in Philadelphia. It is stated that a vast amount of information is already collected, and it is expected that an elaborate report will be made early next session.

☞ Amasa Copeland, the last survivor of the corps who attended Major André to the gallows during the Revolutionary war, lately died at Abingdon, Ct., aged 91 years and 4 months.

☞ Hon. Robert Toombs is stumping the State of Georgia in favor of Hon. Daniel Webster for the Presidency. Senator Berrien is out in favor of Scott.

☞ A letter from Cadiz mentions the escape of General Hernandez, one of the Lopez prisoners.

☞ At the latest accounts from Madeira, it was rumored that an outbreak had occurred, and that the principals had been ordered to Lisbon to undergo the extreme penalty of the law.

☞ Five deaths by yellow fever occurred in Charleston from Friday to Tuesday before last. The Mayor has set apart Friday next as a day of humiliation and prayer.

☞ A new post office has been established at Rosedale, Kennebec County, Me., and C. G. Baxter appointed postmaster.

☞ Twelve stores and several dwelling-houses were destroyed by fire a day or two since at Ravenna, Ohio. The loss is $60,000 in buildings alone.

☞ The Penobscot Musical Association will give a concert on Thursday or Friday evening next.

Penobscot Musical Association.

To the Editor of the Whig and Courier:

The opportunity to attend the sessions of this Association this season should not be neglected by any one who has a taste for music, and can possibly afford the time. The talent engaged for the occasion promises very agreeable and profitable session. Mr. Wm. B. Bradbury, of New York, a thorough and highly educated musician, and our old friend and neighbor, Mr. B. F. Baker, whose voice delights all hearers, and whose success in the modern Athens, as an instructor, is very gratifying to his numerous friends here, will direct the rehearsals, and will be aided by Miss Brown, of Boston, a pupil of Mr. Baker, and by Mrs. Tufts, Mrs. Arnold, Miss Kendrick, Mrs. Forbes, Miss Dunning, and others, of the city, whose praises are on all lips, and the splendid altos, Mrs. Bailey, of Galena, Illinois, and Mrs. Fletcher, of this city.

Our musical friends in the city, county and adjoining counties, we trust will attend the session of the Association, and render what aid they can in advancing the delightful and humanizing art of music in this part of the State. That all our people are so absorbed in the one idea of gain, that they cannot devote a small portion of their time to improving their better natures," we are not yet willing to believe, and predict a large attendance during the exercises this week.

PILGRIM.

☞ We find the following in the Boston Post of Thursday. The Globe is owned by Messrs. Littlefield & Chase, and others of this city, and was commanded by Capt. Joseph Saunders.

A letter from Belize, Honduras, of August 20, says—"Sch. Globe (probably brig Globe, of Bangor) is in the harbor; the captain is in my house, sick; the chief mate died on Monday night at 10 o'clock; two men are all in the hospital—one of them is sure to die—the others are very low, but may recover; they are all wasted away, and are the most distressed looking objects I ever saw. Probably no men ever suffered more and lived; they were all so very ill, that for fourteen days not a soul touched the helm, save the captain, who was as ill as any of them, but managed to take his observations daily, and by this means, favored with light winds and calms he finally succeeded in bringing her to this port. The yellow fever is here. All hands are recovering from the same disease."

New York, Sept. 16.

Archibald C. Hastings, postmaster at Millsboro', Delaware, charged with robbing the mail, and tried yesterday, on a plea of guilty to one indictment, was this morning sentenced to 10 years imprisonment in the penitentiary. Upon seven other indictments against him a nolle prosequi was entered.

General Scott's Triumphant Entry into the City of Mexico as a Conqueror—His Departure from it as a Prisoner.

Five years ago this morning General Scott, at the head of his brilliant staff, made his triumphant entry into the ancient Capitol of the Aztecs. He had already ordered a portion of the army to the grand Plaza, and, as, at a little after nine o'clock, he rode up from the western gate among them, in full uniform and mounted on a splendid charger, the spectacle was one of up and thrilling interest to every American heart and stripes floated to the breeze from the National Palace. The old Cathedral bells—significantly up on one side of the square, from the balconies of the old Cortez edifices on the other, the Spanish and Mexican girls were seen to wave their white kerchiefs as emblems of peace, and silent petitioners for favor to the advancing Conqueror. Beneath the arches of the Bazaar, and under the shadow of the Cathedral, might be seen grim Mexicans kneeling from their escapes and beneath their wide sombreros—wondering at the idea of the beautiful Capitol of two hundred and fifty thousand souls, having thus suddenly fallen into the hands of less than eight thousand American troops. As the General rode through the grand Plaza—amid the Yankee blue jackets drawn up in perfect order on either side, and the heavy cannon, whose thunders but the day before were heard with such fearful effect at Chapultepec, ranged here and there—all discipline for the moment seemed to be forgotten by the gallant soldiers. They loved their Chief almost to adoration. They had been with him in his perilous march from Vera Cruz, and had followed him into the blaze of every victorious battle field—and now on this morning to see him triumphantly entering the enemy's Capitol, their hearts thrilled with joy and exultation.—Throwing off all restraint, as the old hero came forward upon his prancing steed, the hearty huzzas and cheers rent the air long and loud. As the General took off his cap, in acknowledgment of the cordial greeting from his victorious men, one of the bands struck up our national air, and again and louder than before, the huzzas broke from the lips of the exultant troops. General Scott, dismounting at the gate of the National Palace, entered the grand hall of the saloon—from which the edicts of Viceroys and Governors and Presidents, for centuries had been issued—and immediately wrote an order announcing his occupancy of the Mexican Capitol. In that announcement—a copy of which is before us, he says, and beautifully says: "Under the favor of God, the valor of the army, after many glorious victories, has hoisted the colors of our country in the Capital of Mexico, and on the palace of its government. The honor of the army, and the honor of our country call for the best behavior on the part of all. The valiant must, to obtain, the approbation of God and country, be sober, orderly and generous. His noble brethren in arms will not be deaf to this appeal from their commander and friend." On the afternoon of the same day, General Scott again addressed the troops in these words—"The General-in-Chief calls upon his brethren in arms to return, both in public and private worship, thanks and gratitude to God for the signal triumphs which they have recently achieved for their country. Beginning with the 19th of August and ending the 14th instant, this army has gallantly fought its way through the fields and forts of Contreras, San Antonio, Churubusco, Molino del Rey, Chapultepec and the gates of San Cosme and Tacubbya, into the Capital of Mexico. When the very limited numbers who have performed such brilliant deeds shall have become known, the world will be astonished and our countrymen filled with joy and admiration."

In such fitting language did the victorious conqueror address the men under his command, upon his triumphant entry into the Mexican capitol. How well his words were heeded, and with what devotion and patriotism he proceeded at once to the work of securing the great object of his mission—an honorable peace—is known to the nation and to the world. There never was an army whose bearing and conduct in a conquered country, reflected such honor upon itself or upon its own country, as the American army in Mexico.—Upon its entrance into the capital, the republic had no government, and it therefore became the first duty of General Scott to give the people an administration, which should protect them in their rights of property, and in their religious observances. Here it was that the victorious chief displayed those high civil and administrative talents, which won the admiration of the whole army, and proved his unquestionable claim to the possession of the higher attributes of the statesman, as well as of the soldier. We shall not dwell further upon the administration of affairs during General Scott's occupancy of Mexico, than to say that it was brilliant, and in all respects successful. Through his devotion, perseverance and incessant labors, peace also was finally secured.

We have briefly sketched the Conqueror's triumphant entrance into the National Palace on the morning of September 14th. But now the scene changes—and the picture is reversed. In precisely six months, to a day, from the date of his own announcement of the occupancy of the capitol, General Scott stood in the National Palace a PRISONER—and the chains forged by American hands at home. He was summoned before a Court of Inquiry in the Palace—and as he stood up before his judges, his inferiors, his tall and commanding form the observed of all observers—pleading his rights modestly alluding to his own services, and portraying the wrongs he had received, one could not but say, "Alas, there is reason to complain of the ingratitude of Republics!" On the morning of the 14th of March following his entrance into the capitol, he stood before that Court in the Palace, and addressed his accusers. His words, as he stood up boldly and respectfully before them, in the great saloon we have referred to, were as follows:—"Here in the capitol of Mexico, conquered by the American arms under my command, I find myself but a prisoner at large—the chief criminal before this court. Stricken down from a high command, from a high military position, the highest, perhaps, ever occupied by any individual since the days of the Father of his country—the immortal Washington—I feel deeply wounded; my military pride has been cast down into the dust, not by the public enemy, but by THE LONG ARM OF POWER from home. All that could be done in that quarter to degrade and humble me, has been done. But sustained by the almighty's arm, feeling strong in conscious rectitude, strong in mind and body, I fear DEFIANCE TO MY ABOUNDING."

There was not an American in Mexico who as he listened to these words, and saw the old Hero, like Columbus in chains, dishonored by his own country, did not feel mortified and ashamed that he should have received such treatment. The whole matter of the court, as every one knows, proved to be a magnificent farce, and was finally dropped—as it the only object of its instigators had been to degrade Scott upon the very theatre of his glorious renown.

And now the scene changes again. On the morning of the 22d of April, it became known to some few that General Scott was about to leave the capitol of Mexico for his home. In the evening of that day a large assemblage of the friends of the gallant hero collected in front of his quarters, in the city of Mexico, and bade him farewell by a grand serenade. Several very appropriate and touching airs were played, and at the close of the very spirit-stirring sounds of "Hail to the Chief," the commanding form of the General was seen to come to the front of the balcony from whence he bowed his thanks, silently it is true, but the feelings of many a bounding and warm heart responded, and three loud and hearty cheers were given for General Scott, as his disappeared from the view of the crowd. Next morning, there was an assembling some in fleet of his quarters, as he came out, to start upon his journey to Vera Cruz. The Rifle Guard was drawn up to receive him, and as he passed and they presented arms to their beloved commander for the last time, they shed tears like children, and so affected was the old hero that he could scarce get into his carriage. Officers and men crowded around him and as he was too much overcome to receive them all, those who had not the happiness of shaking him by the hand, were glad to get a sight of him as he departed. Those who had not even a chance of seeing him mounted their horses and followed him on the road, determined that he should not leave the valley of his great operations, without one adieu. Around his carriage—for he was too much exhausted by his late heavy labors, and the emotions of parting with his brothers in arms, to ride on horseback—as it proceeded along, the paseuway to El Penon, the officers crowded, and as fast as one could give the "God bless you, General," and full back, his place was supplied by another, and so the adieus continued for a long way on the road.

And thus did Winfield Scott leave Mexico—going, virtually, a prisoner from the capitol which but a few months before he had entered a triumphant conqueror! Will not the people bear this fact in mind, now that they have an opportunity of bestowing their loftiest honors upon one who has reflected such lofty honor and renown upon their country?

Important News from Buenos Ayres.

New York, Sept. 12,

The barque G. J. Hayes brings advices from Buenos Ayres to July 6. The *Herald* of that date says: "Since our last publication political events of the most striking and important interest have transpired. An open rupture has taken place in consequence of some severe reflections by the Legislature upon the acts of the Governor in connection with compact of San Nicholas. His excellency, with the officers of the several departments, resigned. Their resignations were accepted, and the Legislature proceeded to make provision for the emergency. At this juncture Gen. Urquiza interposed his authority as director of the Argentine confederacy. He declared himself the source of authority and Protector of the Province—dissolved the Legislature—ordered the banishment of some half dozen of the leaders of the opposition—declared a provisional government, and reinstated the Governor and his ministers, whose resignations had been accepted by the provisional Legislature. Such is our present political condition. The events leading to this result and the reasons which induced Gen. Urquiza to take this step, are ably presented in official documents. He has made his appeal to the nation and with it confidently rests his cause.

During the excitement an order was given stopping all printing presses in the city, except one for the purpose of publishing official documents. This, however, has been recalled. Urquiza's address to the people concludes as follows:

"Inhabitants of Buenos Ayres—fear not that the scenes may be renewed which one day filled you with consternation.

All your rights shall be respected, and to attack them in the slightest degree, it will be necessary to pass over piles of dead bodies which shall be left by the army which I have the honor to command, and that will always be the glory of the Argentine confederation. Order and respect and confidence in a national authority, is all that is required of you by him who gave you liberty; order, peace, union and liberty, will always be the desire of your compatriot and friend,

(Signed) URQUIZA."

Fire and Loss of Life.—A very lamentable occurrence at Bucksport, has thrown a gloom over the entire community of that thriving little village. It appears that at 3 o'clock on Saturday morning last, some of the family of John Hubbard were aroused from their sleep by unmistakable signs of their dwelling being on fire. Mrs. Hubbard in her alarm immediately jumped from one of the windows and alighted on the ground without suffering, we believe any injury. Mr. Hubbard, however, made to another room, in which his only two children were sleeping, where he appears to have fallen to the floor from the effects of the dense smoke. Upon recovering, however, he succeeded in finding one of his little ones, quite dead from suffocation. With this he barely escaped with his own life. The charred remains of the other child were found amongst the ruins on the afternoon of the same day. The house, which was quite new, and owned by the occupier, was entirely destroyed, with all the contents, including about $200 in specie. We deeply regret to hear that the fire is supposed to be the work of an incendiary. If so, we can only say that such heartless villainy may meet with its true deserts. There was no insurance on the building. Mr. H. is now suffering greatly from burns and suffocation, and his life also is despaired of.—Ellsworth Herald.

Paper.—The art of making paper is considered to be a Chinese invention, but it has long been known in India, where paper is made both of cotton and of the substitutes for hemp and flax. In the Himalayas it is made of the inner bark of the *Daphne cannabina*, and in sheets of immense size. A large collection was exhibited from different parts of India, but, though well adapted for writing in India, it is not suited for Europe, in consequence of the difference in the ink used.—Prof. Royle on the Great Exhibition.

Thousands have been cured, why may not you by the

Cramp and Pain Killer.

The world is astonished at the wonderful cures performed by the CRAMP AND PAIN KILLER, prepared by CURTIS & PERKINS. In most all cases it has been known for relieving pain in half a minute; for the cure of spinal complaint, cramp in the limbs and stomach, rheumatism in all its forms, bilious colics, bowel, sore throat, and gravel, it is decidedly the best remedy in the world. Evidence of the most wonderful cures ever performed by any medicine are on circulars in the hands of Agents—you may be perfectly aware of using if you will call on CURTIS & PERKINS' Cramp and Pain Killer. All others bearing the name are base imitations, and will deceive and injure the patient. Price 12½, 25, 37½ cts per bottle, according to size. Sold by Agents in nearly every town in Old Penobscot.

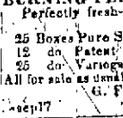
A Full Blooded Entire Horse FOR SALE.



THE THOROUGH-BRED HORSE

JOHN O'GAUNT!

Imported by the Carleton County Agricultural Society in 1847, will be exhibited at the NEW BRUNSWICK SOCIETY, in Fredericton, on Wednesday, the 6th of October next; and at the close thereof sold at AUCTION. This horse combines the speediest and stoutest blood, as will be seen from his Pedigree, and took the first premium (£200) awarded by the Legislature of this Province in 1847. He is 11 years old; perfectly sound, stands 16 hands high, and weighs 1060 pounds.—His stock in age from Colts of the present season, to those rising four, are large and decidedly superior.

JOHN O'GAUNT was got by Rockingham out of Purity; Rockingham by Humphrey Clinker, out of Medora by Swordsman, grand dam by Trumpetor, out of Peppermint, sister to Prunella, by Highflyer; Purity by Filho de Puta, winner of the St. Ledger 1815, out of Rachael Raytch, sister to Claudo, Lorraine by Rabans, grand dam by Cesario, Miss Hoit by Bustard. Rockingham won the Shorts at York, the Great St. Leger and the Six Kings Plate—beating all the best horses of the day. Purity never started but twice, winning both times. John O'Gaunt walked over for the Two-year-old Stakes at Lichfield, and was beat by a head by Henri Quatri, the fastest horse of this day, 15 started.

A Life Saved!

THE life of George Buckmore, of this city, was saved from a premature DEATH by the timely use of DR. THOMAN G. BROWN'S

Spirits of Life,

Or Universal Cramp and Pain Killer.

This valuable medicine is the same that saved the life of Mrs. Mary Brayden, of Carmel, some three years since, who was attacked with Cramp in the neck All persons must be aware of the immediate danger arising from such attacks.

THIS MEDICINE was the first and only remedy that gave relief to Miss Cochran, of East Corinth, (daughter of Chauncey Cochran, Esq.) whose life was despaired of from the effect of an attack of Rheumatic Fever, June 27th, 1850. This was all accomplished by the use of Dr. T. G. Brown's Spirits of Life, or Universal Cramp and Pain Killer.

All persons who have made use of the Spirits of Life acknowledge it to be superior to any preparation bearing the name of Cramp and Pain Killer

The genuine Universal Cramp and Pain Killer is prepared and sold at wholesale and retail by the sole proprietor,

George Hummell's PREMIUM *ESSENCE OF COFFEE.*

ONE package at 12½ cents will make as much pure strong coffee as 3 pounds of Coffee. Thousands of the poorer but not of the less respectable classes, and many of the first families, are using it, and of other places where they have used the Essence they will not have it. This Essence is much stronger, more wholesome, and has a better flavor and perfection of strength than the Coffee.

This Essence was awarded a silver medal by the American Institute of New York in 1851, and by the Franklin Institute of Philadelphia, and constitutes the highest premium for such articles.

See the certificates in circulars of Dr. Brodie and Children, two of the best analysts in the United States, also of several other prominent chemists.

Leroy's Specific

NEVER failing remedy for thoroughly eradicating disease of the Urinary Organs, such as Gleet, Gonorrhea, Gleets, Whites, Strictures, Stone in the Bladder, &c., and all ends but to be once used to be universally esteemed. The proprietor would respectfully caution those troubled with the above annoying complaints to beware of unscrupulous individuals, without the slightest knowledge of the structure of the human system, recommend for every disease Leroge's Specific is only intended for the cure of Private Diseases and the thousands that have sent their unsolicited certificates vouch for its efficacy, while the trifle it is known the greater is the demand for it. How different from the various quack medicines which, when the unhappy patient has once used, no inducement can ever make they again—Leroge's Specific has been the remedy depended on by every class, the senator, the lawyer, the merchant, the seaman and the toiling cyprian have all tried it and found it truly the good Samaritan, the hour of trouble.

Dr. Darby annexes extracts from some of his certificates:

U. S. Frigate Cumberland, 1851. I appreciate a disease at Nassau, and tried all the remedies suggested by the most experienced Surgeons, without success. Leroge's specific has restored to me the health I long despaired of.—J. W. W.

Louisville, Ky.—I have much pleasure in stating that Leroge's Specific has cured me of a gleet of 22 months duration.—H. D. D.

Bangor, Me.—After having used two bottles I found myself cured of an old standing complaint in six days, and shall not fail to recommend it, should it know of any troubled as I was.—John Brown.

Sold by RALPH H. DARBY, Apothecary, No. 91 Broad street, Boston. Price $1,00 per bottle; two bottles $1,75.

Orders from the country, enclosing the cash, promptly attended to. A liberal discount made to Physicians, Apothecaries, Masters of Vessels and Druggists.

Bigelow's Alterative.

A CERTAIN cure for DYSENTERY, DIARRHŒA, CHOLERA MORBUS, and all Summer Complaints. GEORGE W. BEECHER, Proprietor, 131 Broadway, New York.

Mothers, before Teething, and Cholera Infantum, this medicine should be kept on hand. It may always be given with perfect safety both by old and young, and when faithfully administered has never been known in any case to fail of a speedy cure. Unlike other medicines, it corrects the bowels, and obtains a hold on the patient is restored to and continued vigor and health.

We append the following testimonials:

I have used "Bigelow's Alterative" in my family, and have never found it to fail, when all other remedies administered by old and under direction of Physicians have proved ineffectual. I think it a perfect corrective for Dysentery and all Bowel complaints.

GEO. W. BEEBEE, 17 Wall st.

New York, March 22d, 1852.

We can add our testimony to that of others of its great efficacy in our own case, when prostrated to an alarming degree by Bowel disease. It was the only medicine that gave relief, and one now always kept in the family.

Editor of the N. Y. Baptist Register.

Union, April 15th, 1852.

"Bigelow's Alterative," advertised in another column of our paper, is, probably, the best cure for Dysentery, Diarrhœa, &c., &c., that has ever yet appeared. We seldom make a point of extolling patent medicines, and for the very good reason that most of them are entirely undeserving of praise; but we have it on such unbounden and respectable authority, that the above "Alterative" will, and more than will, it professes to be, that we do not feel less than make mention of it in this way to our readers. All that we ask of the most incredulous is, to read the *Certificates* embodied in the advertisement, and then, judging from the high standing of the parties who give them ready, promptly and publicly to certify, candidly to say whether a remedy so endorsed, is worthy of attention or otherwise. We have more to say of this remarkable preparation.

Greenleaf's Primary Arithmetic.

MENTAL ARITHMETIC, upon the Inductive Plan, designed for Primary and Intermediate Schools. By BENJAMIN GREENLEAF, A. M., author of the "National Arithmetic," etc.—Revised and enlarged edition, 144 pp.

The added matter will make more complete for the class of pupils for whom it is intended; the author has, at the urgent solicitation of Teachers, considerably enlarged and improved it, and has appended a concise and easy system of *Written Arithmetic*, for exercises for the Slate; which the publishers trust will make it still more useful and acceptable to the public. In its present form it is an excellent introduction not only to the next book of the series, the *Common School Arithmetic*, but to any of the various treatises on written Arithmetic. The Work is handsomely and thoroughly executed, and is sold at a cheap rate.

☞ This popular work, (intended to supersede the old edition heretofore in use,) is now used in the Public Schools in Boston, Cambridge, Salem, Lynn, Newburyport, New Bedford, Providence, and in many other cities in various parts of the United States.

Specimen copies furnished (gratis) to Teachers and School Directors, who are invited to examine the work.

For sale at wholesale rates, wholesale and retail, by DAVID BUGBEE, who will supply Teachers, Committee, &c.
